

Innovate and Create with Technology

Pinterest

Organise your favourite websites in an online pinboard

iPads

A collection of iPad/iPod apps organised by KLA

Infographics

“...graphic visual representations of information, data or knowledge”

Forget boring old column graphs and pie charts... an infographic will keep them reading or creating for days

Edu Infographics- a Pinterest collection of education related infographics

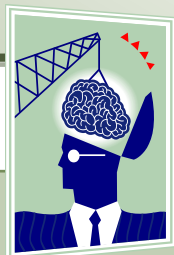

Infographics- another Pinterest collection for primary age kids.

In the Classroom- another collection of infographics

Example- This would be a good example to start off stage 2 and 3 with infographics

If you would like an info session on any of these, or other, tools or sites, please send me an email.

[Previous issues here](#)

Literacy Connections

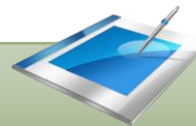

Articles and activities on all aspects of literacy including: comprehension, spelling, sight words, vocab, reader's theatre, ESL and more.

Templates for Teachers

This wiki is run by a Sydney high school teacher.

He makes templates in Word, Excel, PPT and Notebook for quizzes, word banks and text types.

iPads

If you're running out of space to add more apps, this short article has some good clean up tips.

Michael Rosen

This page on author and poet Michael Rosen's website has some great videos of Michael reciting his poetry.

Check out the rest of the website too!

Incredibox

This one is VERY easy lots of fun for all grades K-6. Incredibox is a really cool music composition tool. Choose from effects, beats, melodies, chorus and voices. Incredibox also lets you record, save and share

Wondersay

Animate text to embed in a blog, website or document. This is a bit like Prezi, but simpler.

Younger kids could type in a sentence and see it animated. You could perhaps use it as an incentive for reluctant writers.

PLANE

Pathways for Learning Anywhere, Anytime- a Network for Educators

“PLANE is a consortium consisting of the NSW Department of Education and Communities, the Catholic Education Commission NSW, the Association of Independent Schools NSW and the Council of Deans of Education NSW together with industry partners Adobe and Microsoft. PLANE is funded by the Australian Government Digital Education Revolution through an ICTIF grant for innovative professional learning in the use of ICT. It is **currently free for NSW educators.**”

“PLANE is a Professional Learning community built by educators for educators. It is an environment in which educators can enrich their own and others professional practice in an ever evolving technology-rich world. Since its inception, PLANE has been shaped by the ideas and needs of educators who are looking to impact change in student learning. This continues to be a guiding principle of PLANE.”
